South Asia	Afghanistan	Badakhshan	Basand	6.00	Taliban	Police
Total				9,62,258.87		

A world map showing the distribution of the world's population by country. The map uses a color scale from light blue to dark red to represent population density. The United States, Canada, and Australia are colored light blue, indicating lower population density. Most of Europe, Asia, and Africa are colored in various shades of blue and purple, indicating moderate to high population density. India and China are colored dark red, indicating the highest population density. Greenland, Iceland, and several countries in Africa and South America are colored grey, indicating no data or very low population density.
